

## THE 2007 CONCERT OF LIFE IN EUROPE

### Environmental Musical

# Our Forest is Alive - Our Earth Charter

*Book and Lyrics by Mariko Hashimoto (inspired by the Earth Charter)*

*Conductor, Violin Music supervision and Orchestrations by Kiyomitsu Obana*

*Scenic and Costume Design by Y.P.A. Tokyo*

*Choreography by Toshijiro Zenki*

*Produced by Y.P.A. Tokyo*

#### Story:

The students at an international school realize through classroom discussion of the Earth Charter that the future of the earth is doomed if they only give priority to narrow individual or national interests in solving the ongoing environmental problems in the world. They also realize the importance of recognizing differences in their living conditions, religions and customs. Traditional Japanese culture as well as other cultures is introduced in some scenes, showing the importance of heritage and diversity.
